Lakshmi

Before you read any further or dive into the rest of the content, take a moment to write down any ideas, words, first thoughts that come up when you think about Goddess Lakshmi...

Prosperity is a
way of living and
thinking, and not
just money or
things.

Poverty is a way of
living and
thinking, and not
just a lack of
money or things.

- Eric Butterworth

Respecting Cultures

When we work with Deities from a different cultural or religious background to our own it's important to consider how we can honour the origins and cultures of these deities and the other people who worship and work with them.

You may like to take some time to research the history and background of the deity, create an offering to the ancestors of that culture or simply set an intention to always be respectful when you work with deities from other cultures than your own. (PS - if this section is not relevant to you feel free to skip it!)

How can you honour the Hindu path as you work with the Hindu Goddess Lakshmi?

How could you honour and connect with the ancestors of this culture?

Working With Lakshmi

Here are some ideas for ways you can connect with Lakshmi:

Invocation - invite Lakshmi into your day, into your energy and into your life!

Talk to her - nothing beats a sacred conversation over a tea, a spilling of your guts or just opening your mouth and telling her what's on your mind

Ask for help - so often we forget to just ask for what we need!

Journal and/or automatic writing

Connect with Lakshmi through Tarot or Oracle cards - ask her for advice and guidance and let her speak to you through the cards

Create an Altar feat. images or statues of Lakshmi or anything else that resonates with her energy for you

Offerings - give offerings to Lakshmi in any form that feels right

Prosperity Now!

What do you feel most grateful for in your life right now?

Where do you already feel prosperous in your life?

How have you created or let in that prosperity?

What could you do to connect deeper to the prosperity that's already in your life?

Lack Stuff

Where in your life do you feel "lack"?

Where are you more focused on what you don't have than what you do?

Where do you feel like you're not good enough, unworthy or undeserving of prosperity and good fortune?

What lessons and blessings do you feel your experiences with "lack" has to offer you?

Offering Ritual

This beautiful way to work with offerings is a version of a ritual originally shared by Lara Rose Duong of the Rich Witch

 Print, draw or find an image of Lakshmi that will fit inside your purse, wallet or wherever you carry your money.

 Choose a note of any denomination that feels good - depending on where you're at with your finances it could be \$1, £5 or even \$100. Make sure it's an amount you can spare but not too easily!

 Take a moment to invoke Lakshmi.

 Fold the note up in your image of Lakshmi, holding them both in your hands.

 Let Lakshmi know in your own words that this is an offering to her, a symbol of your trust in her support on your prosperity journey, that you trust you will always be provided for, that you will always have enough, more than enough! This is a symbol of the flow of prosperity - giving to Lakshmi in order to receive. Let her know you will not use this money. This is your offering, your thanks, your trust in the future.

 Now place this money and image into your purse to protect and expand your finances.

 Every so often replace the note to re-fresh the energy, giving thanks to Lakshmi. Spend the old note and let the energy of prosperity flow!

Being Lakshmi

What are you wearing when you feel most prosperous?

Where are you when you feel most prosperous?

What are you doing when you feel most prosperous?

How can you embody Lakshmi and start to feel more prosperous through your clothing, surroundings, how you speak and move through the world?

Good Fortune

How do you define "Good Fortune"?

Where in your life do you already have good fortune?

Where would you like more good fortune in your life? What could you do to help make that happen?

How could working with Lakshmi help you to bring more good fortune into your life?

Beauty

What makes you feel beautiful?

What changes could you make (material or mental!) to help you feel more beautiful in your physical body?

What changes could you make in your environment to make it feel more beautiful to you?

What other things could you do to bring more beauty into other areas of your life?

Practical Prosperity

Here are some ideas for how you can bring in some practical prosperity into your life while you are working with Lakshmi in the spiritual!

-  Be present - notice what you already have in the here and now
-  Gratitude - being grateful for all you already activates the law of attraction and helps you call in more of the good stuff
-  See prosperity everywhere, not just in your bank account - notice how prosperous you feel in your relationships, home life, health, opportunities and even out in nature!
-  Look after the money you already have - show the universe you're serious about bringing in more by looking after what you already have
-  Spend consciously - know where your money is going and think about each purchase consciously
-  Declutter - get rid of the things you don't need or use, let them go to someone or somewhere they will be used and loved (e.g. donate to a shelter or charity, pass on to friends or even sell!)
-  Give - prosperity is all about FLOW. Without giving we can't receive. Give what you can - money, time, energy, love, whatever you have, and trust you'll receive it all back ten times over!

*There is no way to
prosperity,
prosperity is the
way.*

-Wayne Dyer
